---

Dear Superintendent or School Leader,

These are extraordinary times and we know you will be challenged with some unprecedented challenges over the next few days and weeks.

Long Lines is here to support you and you students through this challenge. With Gov. Reynolds recommendation for school closures to support social distancing, we expect this may create challenges for students requiring Internet access for distance learning.

Long Lines has long supported a reduced Internet rate for students eligible for the Free and Reduced Lunch program.

Today, we are notifying you that due to Covid 19 measures displacing students, we are temporarily expanding this program. If you have students that DO NOT have access to Internet service at home, we will provide 60 days free unlimited Internet. This offer is good in all communities Long Lines directly serves, wherever we have available network resources.

Our intent is that no student need be adversely affected or be required to compromise social distancing practices to find a suitable Internet connection.

If you have questions, please contact Bill Gaukel from my team to help answer your questions. Bill can be reached at 712-253-8764 or [wgaukel@longlines.biz](mailto:wgaukel@longlines.biz).

Sincerely,

Brent J. Olson  
President / GM, Long Lines Broadband
